

Adam Khemiri

REPORTING ANALYST | POWER BI | PL-300

Tulsa, OK | adamkhemiripro@gmail.com
linkedin.com/in/adam-khemiri | github.com/AdamKhemiri | adamkhemiri.github.io

Professional Summary

PL-300-certified reporting-focused analyst with hands-on Power BI experience from a BI internship, academic reporting work, and portfolio projects. Strong in Power BI, DAX, Power Query, data modeling, and star schema design, with working knowledge of SQL and Excel for data extraction, validation, and reporting support. Current MSP experience strengthens documentation, issue tracking, stakeholder communication, and structured problem-solving in fast-paced environments.

Technical Skills

Power BI & Reporting: Power BI (Desktop, Service), DAX, Power Query (M), Data Modeling, Star Schema, KPI Reporting, Dashboard Development, Drill-through, Bookmarks, Tooltips, Row-Level Security (RLS)

Data Tools: SQL, Excel, Git/GitHub, Odoo ERP

Reporting Support: Data Cleaning, Data Validation, Documentation, Issue Tracking, Stakeholder Communication

Experience

IT Support Technician Feb 2026–Present
Xceltek, Tulsa, OK

- Manage a 40+ ticket/week queue in a fast-paced MSP environment, documenting issues, actions, and resolutions across Windows, Microsoft 365, account access, and desktop support.
- Maintain clear case notes, escalation details, and end-user communication to support accurate issue tracking, organized handoffs, and consistent service delivery.

IT Support Technician (Contract) Jan 2024–May 2024
BlaBlaCar, France / Tunisia

- Prepared and validated Windows PCs for end-user deployment, verified logins, and documented device readiness before handoff.
- Supported first-line workstation and account access issues and escalated unresolved cases with concise technical notes and clear next steps.

Business Intelligence Analyst Intern Apr 2023–Dec 2023
YTT Tunis, Tunis, Tunisia

- Wrote SQL queries using SELECT, JOIN, and WHERE to pull production and inventory data from Odoo ERP and validated joins and row counts before reporting use.
- Cleaned and transformed source data in Power Query, modeled dimension and fact tables, and built a star schema to support reliable business reporting.
- Authored DAX measures for conversion, cancellation rate, and monthly trends, and built executive reporting pages with drill-through, bookmarks, tooltips, and row-level security.

Selected Reporting & BI Projects

Sales Performance Reporting Dashboard (Maven Toys) | Power BI, DAX, RLS 2025

- Built a Power BI sales reporting dashboard with DAX measures for YTD, YoY, margin, and performance tracking across business views.
- Added drill-through, tooltips, bookmarks, and role-based access to support interactive reporting and clearer report navigation.

KPI Reporting Dashboard | Power BI, Bookmarks 2025

- Developed a multi-page KPI dashboard with bookmark-based navigation and standardized page layouts for a more consistent reporting experience.
- Structured page flow and report interactions to improve usability and readability across dashboard views.

Education & Certification

Microsoft Certified: Power BI Data Analyst Associate (PL-300)

Bachelor of Science in Business Computing ITBS, Nabeul, Tunisia
